

**DC-DC CONVERTER 24V to 12V
EPC-1015
BRAND: YUENTECH**

DC-DC Converter - Model: EPC-1015

Main Features and specifications:

This product is designed to convert 20~28V DC voltage to 13.8V DC. It supplies larger power and many convenience to your car audio, car electronics and other DC supplied equipment.

Input Voltage: DC24V±4V
Output Voltage: 13.65~13.8VDC
Ripple Voltage: <5mV
Load regulation: 3%

Output Current: Rates: 15A; Surge :20A

Protection:
Over voltage or Current limite or Input polarty Reverse
